

2018 Pest Management Symposium

Elks Lodge,
121 Martinelli St
Watsonville, CA 95076
February 22nd, 2018

Registrations NOW OPEN:
\$95 before February 15th
\$105 after

Join us to learn more about the latest biology and management information for the control of important diseases, insects, and weed pests in ornamental greenhouse and nursery operations. California DPR credits will be available. Trade Fair participants will provide the latest information on products available to the ornamental industry.
